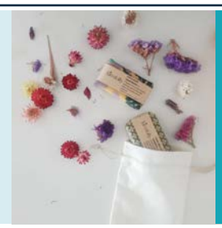
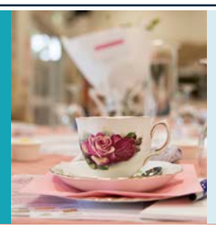
2021 JUNE

Brought to you by Looie James & Tracey Howe, your community trusted Real Estate Agents

Meet Lauren from Farmfolly



Waitoki School High Tea a Sensational Success!



Kaipara Coast Plant Centre Harbour View Track Official Opening!

Join Wainui School for our annual Quiz Night fundraiser.

This year we have an Americana theme as we are celebrating the 4th of July early on Saturday 3rd July! The Quiz night is one of the biggest nights for parents at Wainui School with space for 100 adults to dress up in theme and have a great night! Tickets cost $20 per person.

This year we have food available for purchase from Morepork BBQ and you are welcome to bring your own drinks. During the night we will some spectacular items that have been kindly donated from Local Businesses and the School Community. We also run a silent auction throughout the night for other donated items.

It's completely up to you if you want to dress up. Part of the fun for many teams is to go to great effort with their costumes and table theming! With this years' theme being Americana, you could dress as famous Movie Stars, a pop icon, a president, country singer ... a half completed wall... your imagination is the limit! Doors open at 6:30pm with the quiz starting sharply at 7pm and if you've ever been to a pub quiz, you know what to expect. This one is just bigger and better! The team with the most points at the end of the night, wins the new, and hopefully coveted, Wainui School Quiz Night trophy and some other goodies.

Keep an eye on the Wainui School Facebook page on how to buy tickets, or contact ***fows@wainui.schoo.nz***

You may reserve a table of 10 through emailing fows@wainui.school.nz and then individual members can pay for their seats, rather than one person paying for the entire table up front.

While it is a school fundraiser and most people take the opportunity to spend quality time with /or get to know other Wainui Parents, you are welcome to fill your table with non-Wainui School friends, family, neighbours, whoever you wish (as long as they are over 18). If you have a group of less than 10 people, you can still reserve a table and we can pop a few extra people on it to help you fill it up!

We also recommend you bring lots of gold coins. After each round of questions, tables are allowed to buy 2 answers for $2 each to help your score. We also run plenty of other gold coin donation games to keep you entertained during the night.

We look forward to seeing you at Quiz Night!

PHELAN'S LOCAL BOARD UPDATE MAY 2021

Help for Volunteers.

One of the objectives in our Local Board Plan for the next few years is to improve our environment, in particular dealing with issues around water quality and control of pests, whether that is plant or animal.

The work we started in assisting private landowners in fencing off and planting riparian margins to improve water quality in our rivers and harbours, has now received a huge boost with over $100m being allocated by central government to address the sediment issues ruining the Kaipara Harbour.

This has allowed us to turn our focus onto other issues and explore ways to ensure we are accessing regional funding available for pest control from the Natural Environment Targeted Rate – known in council-speak as 'NETR'.

Over the coming year we will be continuing to offer support to community groups that want to do ecological work such as pest and weed control, and planting in public and private areas. Without the incredible work of volunteer groups much of the ecological work being done would never happen so we want to do everything we can to support you. We are doing this in a number of ways.

Firstly, we are looking at providing a coordinator to work with local groups to support their work and tap into regional funding. Volunteers give up a huge amount of time and we want to do everything we can to support them to ensure they spend time doing the bits of their work that deliver results, often accessing funding and jumping through hoops can drain time and energy, reducing the effort on the ground which is what makes the difference. This new role would assist groups working on both private and public land.

Secondly, we are going to continue our funding for groups want do work in our public spaces. We have a Community Park Ranger who is there to provide support for groups wanting to do planting days and other environmental work in our parks and reserves. There are still a lot of groups unaware that we do this and we want to encourage groups to get in touch with us so we can put you in touch with the right staff to help. If you don't have a formal group set up but would like to do this, we want to hear from you as well.

You can contact your Local Board members below for assistance in access these programs;

FARMFOLLY

Introducing Lauren from Farmfolly

A dreamy range of homemade soaps, solid moisturisers, shampoos, conditioners, natural deodorants, kitchen soaps and natural sun protection are all handmade right on a little farm in Kaukapakapa.

With plans to roll out so much more. They are hoping to create individualised breast milk soap for new mums and their bubs from the local birthing centre, plus a Farmfolly kids' range. This will be Inspired by kids for kids, Including unicorn soaps and planet and space bars.

Farmfolly is so special. It was created by a local mum a good friend of Laurens 4 years ago.

The main objective being simple natural skincare sourced as much as possible from the farm and land surrounding us. Skincare with zero or compostable packaging is the key. Putting our planet first is at the heart of it. Lauren has 4 young kids and also helps run the local Play-centre in Kaukapakapa.

"I've been part of Play-centre for 4 years. It's my second home and it's mine and the kids most favourite place to be. It takes a village to raise kids, and for me the play-centre is that village. I simply want to keep raising my young kids in this way. It's so fresh and healthy, I never miss out on anything.

Working from home and creating these beautiful soaps and moisturisers to sell at the markets helps pays the groceries at the end of the week. And that's all I could ask for really. Food in the pantry, beautiful natural skincare in the bathroom cabinet and I get to watch and help my young kids grow up alongside me. For me, it doesn't get any better than that."

Lauren and her eldest daughter Hattie (6) are at the Kaukapakapa markets every month.

KAUKAPAKAPA HISTORIC LIBRARY

Voices from the Past
Sunday 20th June - 9am to 1pm

The Helensville Museum holds a substantial collection of recorded interviews featuring the stories of people from Te Awaroa/Helensville and the surrounding districts, or from public gatherings.

These provide both individual and general information on early families, the lifestyle of their times and records of significant events since the start of the Te Awaroa / Helensville settlement.

A list and summaries of the recordings will be available at the library and orders for copies will be taken on the day.

Come along and listen to recordings from Neill Barr, Phyllis Hooper, Roger West, William Tangaroa and more. Kaukapakapa library open in conjunction with the Kaukapakapa Village Market.

For more info contact Megan 021 959017, email threehorses@xtra.co.nz

LIFESTYLE MOWING MACHINERY

"Don't Kick it-I'll Fix it"

Over the last two weeks I have had a surprising number of inquiries all about the same thing. All these people had kikuyu grass and all complained of the lawn feeling very spongy and when cut it had yellow and brown patches.

The problem is the lawn has been cut too high for too long, which has allowed a thick root mat to develop. The solution is easy but very time consuming. Choose a day when the grass is nice and dry. I suggest doing a manageable area at a time as it is a slow job and a messy job. Next cut the lawn on your usual height setting, cut again a little lower, and again as low as possible. And by that I mean to the dirt. You will have to go at a snail pace and when finished your lawn will look like a hay paddock. The following weekend mow it again on a low setting. Kikuyu recovers extremely fast so within a couple of weeks your lawn will look all nice and green again. And all that fresh new growth will be so easy to mow. From this point onwards you need to keep the lawn short to avoid having to cut a thick root mat out again. Andrew and Donna Hall

WAITOKI SCHOOL

On Saturday the 8th May, Waitoki School held our highly anticipated Mothers Day High Tea fundraising event. Our beautifully dressed guests were treated to bubbles, silent auctions, stalls, and of course delicious food - all organised by wonderful parents and friends of our school. We couldn't have asked for a better event, we raised $16,250 to go towards upgrading our pool facilities - facilities that not just our school, but also our wider community enjoy. Once again, we want to thank everyone who helped out and/or sponsored the event to make it the success that it was.

KAIPARA COAST PLANT CENTRE

Harbour View Track - Official Opening
20th June 10:30am

Join David Bayly at 10:30am Sunday 20th June 2021 for a guided 1.5 hour tour around the new forest track in Kaipara Coast Sculpture Gardens. During the walk he will discuss the

building of the track and the conservation measures in place, along with talking about the history of the property and interesting facts and features along the way.

The track meanders around farmland and native forest, has a beautiful lookout point of the Kaipara Harbour, and forms an important part of the Kaipara Coast Plant Centre conservation and restoration program. This trail is the third walk to be opened at Kaipara Coast Sculpture Gardens, making 3.5km of trails to follow and enjoy.

Bring good walking shoes or boots and a raincoat.

Venue location: 1481 Kaipara Coast Highway (SH16), 4km north of Kaukapakapa
Tickets: $15 to cover entry to the gardens.
